EDUCATIVE ORGANIZATION

PRE-PRIMARY SCHOOL

The Italian education and training system includes ECEC (0-3 and 3-6), primary, secondary, post-secondary and higher education.

Early childhood education and care (ECEC) for children aged less than 3 years is offered by educational services (servizi educativi)

ECEC for children aged from 3 to 6 years is available at preprimary schools (scuole dell'infanzia).

The two offers make up a single ECEC system, called 'integrated system', which is part of the education system and is not compulsory. Although being part of the same system, the ECEC 0-3 is organised by the Regions according to the single regional legislations, while the 3-6 offer is under the responsibility of the Ministry of education..
